KEEPING THE
WORLD
RUNNING
SMOOTHLY.

**TODAY'S HARD-WORKING ENGINES NEED MAXIMUM PROTECTION.
AGAINST WEAR. CORROSION. OXIDATION. TODAY'S ENGINES NEED MORE
THAN GENERIC MOTOR OIL—THEY NEED SHIELD.™**

FULL SYNTHETIC

The highest levels of wear protection and overall performance for engines make this the ideal option for most vehicles.

Shield Valor 5W-30 is formulated with the updated 2015 dexos™1 specifications with added protection for GM GDI-T engines

SYNTHETIC BLEND

Designed to provide the added performance and wear protection of a synthetic oil for anyone not ready to make the jump to a full synthetic.

Shield Defense is designed for vehicles with 75,000+ miles, higher-mileage vehicles and is also recommended for use in lower-mileage vehicles including new cars under warranty.

RE-REFINED

The perfect option for the eco-conscious driver, and a great way to care for your car and your planet in the same oil change.

CONVENTIONAL

The recommended lubricant for late-model vehicles requiring a 20W-50 viscosity motor oil.

FORMULATED FOR ALL DRIVING CONDITIONS, SHIELD™ HAS A PRODUCT FOR MOST EVERY CAR ON THE ROAD. THE MAXIMUM PROTECTION OF A FULL SYNTHETIC, THE VALUE OF A SYNTHETIC BLEND AND THE DURABILITY OF OUR HIGH-MILEAGE OIL ARE JUST A FEW OF THE HIGHLIGHTS IN OUR COMPLETE AUTOMOTIVE PRODUCT LINE.

A NEW SOLUTION TO SAVING OIL.

With a new sleek design, Bag-In-Box allows over 99% of the product to leave the package, resulting in less waste, and more bang for your bag. It's a smarter, sustainable solution, conveniently built into a custom rack assembly.

- More space on shelves.
- Less time spent on oil changes compared to using quart bottles.
- Less waste disposal — 89% less plastic going to landfill.*
- Lower upfront equipment investment.
- Easy to assemble so you can start pouring right away.
- Bag designed to minimize product loss from residual oil.

*Compared to plastic bottles (800 million/year)

SMOOTH SHIFTING IS VITAL. THAT'S WHY EVERY ONE OF OUR AUTOMATIC TRANSMISSION FLUIDS IS EXTREMELY SHEAR STABLE, RESISTANT TO OXIDATION AND FORMULATED WITH EXCELLENT PROPERTIES FOR SMOOTHER SHIFTING.

BAG-IN-BOX IS THE KEY TO SERVICE SHOP EFFICIENCY. IN ADDITION TO SAVING TIME AND MONEY, ITS MODULAR DESIGN REDUCES THE FLOOR AND SHELF SPACE REQUIRED TO CARRY MULTIPLE SPECIALTY PRODUCTS IN CASES OR DRUMS.

PROFIT PROTECTOR.

INTRODUCING THE NEW COMPLETE LINE OF AUTOMOTIVE MOTOR OIL.

Shield™ has everything it takes to provide passenger car owners with the confidence and protection they need from their motor oil. And because there are seven total formulations, Shield works for most every passenger vehicle, from classic to brand-new cars. And now, Shield Valor 5W-30 includes the newest dexos™ specification for direct injection gas and turbocharged engines. This new full line covers everything. Including your profits.
